

## Non-Invasive Ventilation in Neonate

A workshop on “Non-Invasive Ventilation in Neonate” was held on 13<sup>th</sup> April 2019 from 10:00 AM to 13:00 PM at the Pediatric Unit of Kuwait Teaching Hospital, which is an attached institute of Peshawar Medical College. Professor Sajjad Ur Rehman a renowned neonatologist conducted the workshop.

The workshop commenced with a presentation by Prof. Sajjad Ur Rehman followed by hands on practice on a Bubble CPAP machine where he demonstrated its use in different situations.

This workshop was attended by our Pediatric Post Graduate students alongside Post Graduates from Hayatabad Medical Complex and Khyber Teaching Hospital.
