16th Undergraduate Medical Research (UMR) Conference 2023 concludes at PMC

The two-day 16th Annual Undergraduate Medical Research Conference 2023, held on 15th and 16th March, 2023, concluded at Peshawar Medical College, Warsak Road, Peshawar. Students from various medical institutions and universities across the country participated in the conference and presented their research papers.

Researchers and experts from different medical fields discussed the latest trends, developments, and challenges in their respective areas at the conference,

Chief Guest, Prof. Dr. Anis Ahmad giving away prizes to the distinction holders.

Posters, research quiz, research paper review, and videography competitions were held during the conference. Apart from this, research skill stations and various workshops were also organized on the occasion. Posters and oral presentations covered a wide range of topics including basic and clinical sciences, public health, social sciences, and medical education.

The research skills stations included hands-on practice on validating a questionnaire, Mendeley referencing, Effective literature search, and Data analysis using SPSS. Prof. Dr. Muhammad Irfan, Director Research delivered a workshop on 'Research: a Solo career vs as part of a medical career'.

Prof. Dr. Mohammad Iqbal Khan Inaugurating the 16th UMR Conference 2023.

Renowned Scholar, Prof. Dr. Mohammad Iqbal Khan, VC, Tameer -e-millet Shifa University inaugurated the seminar. Dean PMC, Dr. Hafeez ur Rahman also accompanied the chief guest. Faculty members and students from PMC and other institutions attended the inaugural session.

Prof. Iqbal Khan while addressing the inaugural session, urged the young researchers to undertake research for the betterment of humanity and not for other purposes. " Instead of impact factor, focus on the impact of your researcher on the society ", the scholar maintained. He said that unfortunately researchers in the Muslim world were focusing on

therapeutic research and ignoring preventive Health. He informed that during last year, 2.5 million research publications along with 43 million citations had appeared globally. Gesturing towards the absence of the trend of research in the Islamic world, the scholar informed that Pakistan produced only 798 research publications during 2022. Dr. Iqbal Khan asked the researchers to establish a

proper relationship with science to utilize it for the betterment of humanity. He stressed the need for proper attention to public health to solve our problems. The chief guest underlined the need for collaboration among research institutions to strengthen their research activities and get better results.

Participants of the UMR conference 2023.

Dr. Hafeez-ur-rahman, Dean of PMC while referring to the research endeavors of the undergraduate lauded their enthusiasm in arranging the conference. "Youth are our pride and we trust them and in return, they give us amazing results", the Dean said.

Dr. Hala Rajab, Director of UMR, highlighting the aims and objectives of the conference said that it was arranged to facilitate researchers to share their experiences and develop linkages. She disclosed that young researchers of the UMR had produced 1573 research papers up till now. Similarly, prof. Dr. Mohammed Irfan spoke on the role, responsibility, and need for a mentor in research.

Moreover, Poster, Verbal, quiz, paper review, and videography competitions also took place at the conference. Prof. Dr. Irfan conducted a workshop on "Research; A Potential Career Choice" also.

Renowned scholar and Vice Chancellor of Riphah International University, Prof. Dr. Anis Ahmed addressed the concluding session of the UMR Conference as chief guest. The scholar urged the researchers to focus on purposeful research to find out solutions to the mental, material, and spiritual problems of society.

Dr. Anis Ahmad said that the Quran and Hadiths were the sources of research. He explained that the Quran and Sunnah had stressed proper investigation of a statement." Islamic teachings allow the expression of an idea only after its verification", he asserted. Emphasizing the importance of research, he advised the researchers to focus on valuable topics beneficial for society and the entire humanity as well. Elaborating on the importance of competition in life, the scholar said that continuous struggle and patience were indispensable for victory. He said that the spirit of competition helps a person to move forward. Appreciating the research efforts and abilities of the youth, he asked them to utilize their potential for the spiritual reform of society.

Participants of workshop "Research a Solo career vs as part of a medical career".

Patron Prime Foundation, Prof. Dr. Najibul Haq, Principal, PMC, Dr. Muhammad Aman Khan and Executive Director, PMC, Dr. Saeed Anwar were present. Prof. Mohammad Irfan and Dr. Hala Rajab also addressed the closing session. On this occasion, prizes were distributed to the students who won top positions in various competitions held during the conference. Similarly, faculty members were also awarded for their best performance.

Prof. Dr. Najibul Haq awarding performance certificate to Prof. Saeed Anwar & Prof. Ayesha Abdullah.

The chief guest and others dignitaries gave away prizes and certificates to the students who got distinctions in various competitions that took place at the conference.

Samaviya Mukhtar of Peshawar Medical College was awarded the first prize, Hafsa Shah, a student of Gomal Medical College, second prize, and Ahmed Khalil of Peshawar Medical College, third prize in the clinical sciences category of poster competitions respectively.

In the public health and social sciences category of the poster competitions, Tahira Shahid of Wah Medical College won the first position, Shiza Qaiser of the same college got the second position and Dure Adan Zia of Peshawar Dental College achieved the third position. Owais Shehzad of Peshawar Medical College won the first position, Muhammad Uzair of the same college grabbed the second position and Mehwish Gohar of Khyber Girls Medical College got the third position in the medical education category respectively. Alia Saeed of Peshawar Dental College clinched the first position in the basic clinical sciences category of verbal competition, Roshan Rehman of Kabir Medical College was awarded the second prize, and Zoha Murtaza of the University of Faisalabad got the third prize respectively. In the public health and social sciences category of verbal competitions, M. Hasan Waheed of Peshawar Medical College won the first prize, Humaira Yousaf of Hamdard College of Medicine and Dentistry grabbed the second prize, and Hamza Farooq of Peshawar Medical College got the third prize respectively.

Students participating in quiz competition.

Moreover, in the medical education category of verbal competition, Sahrish Hussain of Rufidah Nursing College stood first, Hamna Bibi of Peshawar Medical College grabbed second and Abdul Ahmed of Peshawar Medical College won third position respectively. In the research quiz, Ayesha Tahir of Peshawar Dental College and her team stood first, Fazal Raheem of Rufidah Nursing College and his team got the second position and Amina Saqib of Peshawar Medical College and her team achieved the third position. In Research Paper Review, Ayesha Tahir of Peshawar Dental College got the first position, Hafsa Rehman of Khyber College of Dentistry got the second position and Amna Amjad of the same college stood third. Similarly, in videography competitions, Alia Saeed, Haroon Irfan Khan, and Bibi Maryam of Peshawar Dental College jointly won the first, Zahoor Ahmed Khan, Sulaiman Hussain and Zeeshan Khan of North West School of Medicine jointly grabbed the second while Ayesha Aamir of the Islamic International Dental College achieved the third position.

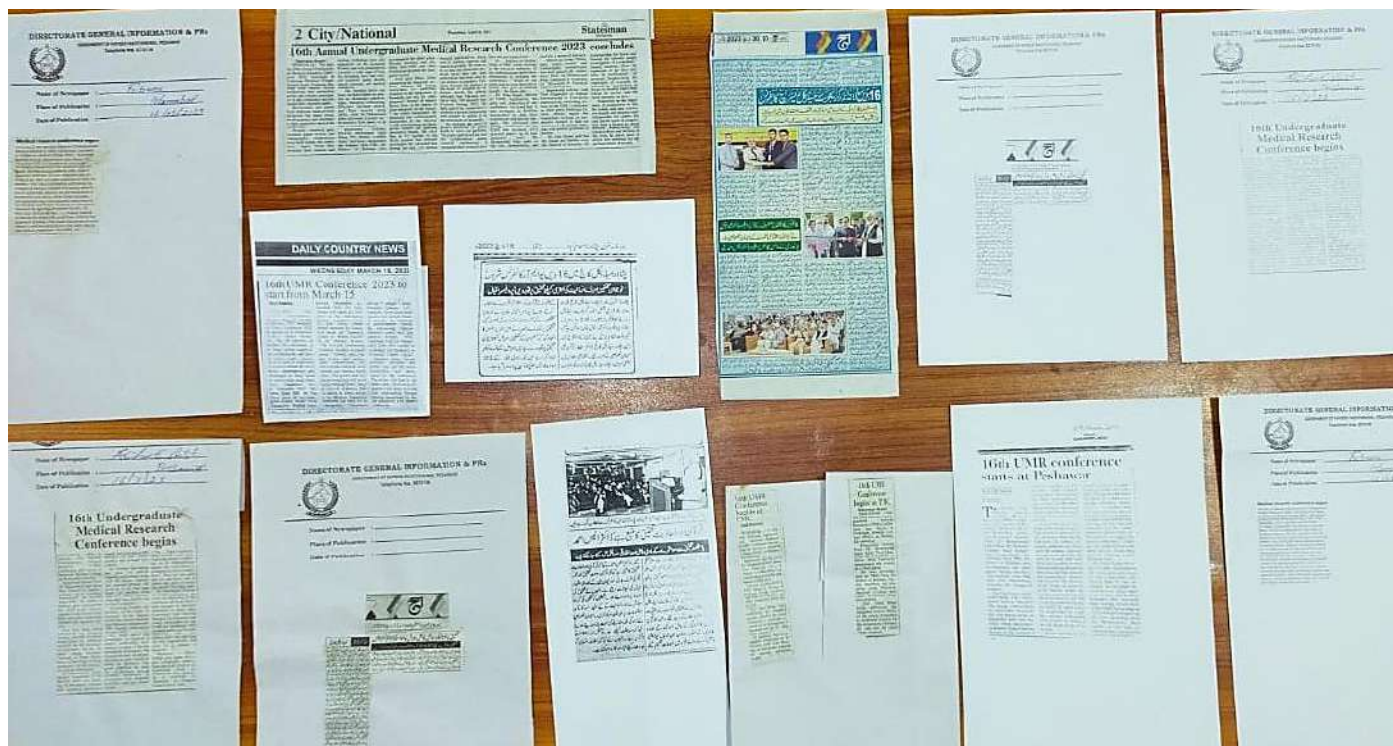

High performance by the students of PDC in UMR

Students of Peshawar Dental College participated in the 16th Undergraduate Medical Research Conference held on the 15th and 16th of March, 2023, at PMC and won several prizes.

Aliya Saeed, 3rd Year BDS achieved 1st position in Research Verbal competitions. Similarly, Dure Adan Zia, 3rd Year BDS got the 3rd position in Research Poster competitions. Likewise, Ayesha Tahir, final year BDS, grabbed the first Position in Research Paper Review competitions. Moreover, Ayesha Tahir, Rimsha Khan and Aliya Saeed were jointly awarded 1st position in Research Quiz Competitions, while Aliya Saeed obtained 1st position in the Videography competitions.

UMR in the National Media

The Undergraduate Medical Research (UMR) Conference is perhaps the largest activity on a national scale that Prime Foundation organizes each year. The 16th UMR Conference 2023 was conducted this year on March 15 and 16, 2023. The proceedings of the conference were properly covered by the national press. News stories about the opening and closing sessions were published in the Daily Mashriq, the Daily Aaj, the Daily Capital Post, the Daily Statesman, the daily Pak Observer, the Daily Country News, the Daily Frontier Post, and the Daily Tribune, etc. Special reports on the UMR Conference have appeared in the Daily Aaj, the Daily Statesman, and the Daily Times. The GNN TV Channel prepared a special package on the UMR Conference.

Fasting obligatory for believers to get the pleasure of Allah: Prof. Dr. Najibul Haq

Prof. Dr. Najibul Haq, speaking on Fasting and Health Issues at a seminar.

Prof. Dr. Najibul Haq, Patron PF and Secretary, Shariaah Board PF and Incharge Tibbi Board of PIMA while speaking on Fasting and Health Issues at a seminar held under the auspices of PRIME / PIMA at

Zoom Seminar on Fasting & Health Issues

PMC, highlighted the importance of fasting in the light of the Quranic wisdom and teachings of the Holy prophet. The Importance of obligatory fasting was highlighted for believers to get the pleasure of Allah. He informed that great reward had been promised for those who were fasting with sincerity and utmost care. He advised medical experts to get updated knowledge on patient's health condition where they

may not fast and do Qaza later on. He explained that getting knowledge of such issues is a mandatory responsibility of Muslim Medical Professional and it should be part of medical curriculum in the Muslim world.

Farewell to Prof. Dr. Riaz Qadeer

The outgoing Professor and Head of the Department of Forensic Medicine at PMC, Dr. Major Rtd. Riaz Qadeer, was honoured with a farewell ceremony. Prof. Dr. Mohammad Aman Khan, Principal of Peshawar Medical College gave away a shield to the outgoing Prof. Dr. Major Rtd. Riaz Qadeer for the meritorious services rendered by him as Head of the Department of Forensic Medicine at PMC.

Prof. Dr. Mohammad Aman Khan, Principal PMC giving away shield to Prof. Dr. Major Rtd. Riaz Qadeer.

Inaugural of new private rooms at Kuwait Teaching Hospital

Recently, private rooms at Kuwait Teaching Hostel underwent renovations to offer patients comfortable and reasonably priced medical services. Dean Peshawar Medical College, Dr. Hafeez ur Rahman inaugurated the renovated Private Rooms at Kuwait Teaching Hospital, Peshawar. MS, KTH, Dr. Abdul Aziz Zia and senior executives were present on the occasion.

Dean PMC, Dr. Hafeez ur Rahman inaugurating Private Rooms at Kuwait Teaching Hospital, Peshawar.

Prime Teaching Hospital introduced the first-ever bariatric endoscopy in the province

Team of experts of the Gastroenterology unit.

Prime Teaching Hospital's Gastroenterology unit is Khyber Pakhtunkhwa's fastest-growing unit. It has become a high-volume center for ERCPs and all diagnostic and therapeutic endoscopies. Recently, it introduced the first-ever bariatric endoscopy in the province's history. In addition, it is the only referral center in the province for argon plasma coagulation and endoscopic band ligation of hemorrhoids. The team's untiring efforts have made it one of the biggest referral centers in the province, giving the best 24/7 services in the concerned specialty.

Welcome to New Faculty Members at PMC

An orientation session was arranged for the newly inducted faculty members at Peshawar Medical College (PMC).

Principal PMC, Prof. Dr. Mohammad Aman Khan addressing the orientation session.

Prof. Dr. Mohammad Aman Khan, Principal, PMC, Syed Iftikhar Husain, CEO, Prime Foundation. Dr. Fauzia Rauf, Vice Principal, PMC and Tariq Nasim, Director, HR, spoke at the orientation session.

White Coat Ceremony for the BDS students held

The newly enrolled 1st year BDS students joined Peshawar Dental College on February 20th, 2023. After initial orientation and visits to Peshawar Dental and Peshawar Medical Colleges and their affiliated teaching hospitals, the white coat ceremony of the students was conducted on Wednesday, February 22, 2023, at the PMC auditorium.

1st Year BDS Students of PDC in a group photo with the Faculty Members.

The principal PDC, Prof. Dr. Shamim Akhter, the vice principal, and faculty members attended the ceremony. The event started with a recitation from the Holy Quran, followed by the presentation of the national anthem by the participants. The principal of the PDC, Prof. Dr. Shamim Akhter, welcomed the newly inducted students and addressed them. She talked about the important role of a dental surgeon in our society. PDC star students, Dr. Laleena Taj Hamid and Dr. Sana Riaz shared their experiences of the college at the undergraduate and postgraduate levels with the audience. Dr. Nasiha Motahir, an associate professor, administered the oath to medical professionals. Finally, the students were awarded college bags, their names engraved on them, as a token of reception from the college. The students then had group & individual photos with the faculty members.

Promotions to the next grades

On the recommendation of the Promotion / Accreditation Committee, the Competent Authority has notified the promotion of the following Teaching Faculty of PMC and PDC in the respective cadres as mentioned against their names:

Dr. Amjad Hanif	Professor of Sciences of Dental Materials, PDC
Dr. Asif Rehman	Associate Professor of CHS, PMC
Dr. Ashfaq Ahmad	Assistant Professor of Pathology (Microbiology), PMC
Dr. Hina Rehman	Assistant Professor of Sciences of Dental Materials, PDC

Two scholars awarded hybrid Ph.D. scholarship

Research scholars, Dr. Abdul Latif, Research Manager, Prime Institute of Public Health Faculty and Ms. Alia Durrani, Research Officer, PMC, have been selected at Keele University, UK for Ph.D.

Dr. Abdul Latif

The Ph.D. programs will be carried out partially at Keele University, UK, and Khyber Medical University, Peshawar. Both scholars have secured the scholarship positions after a rigorous competitive process. The proposed research topic of Dr. Latif is "Challenges faced by TB patients with depression", while the proposed research topic of Dr. Alia is "Adherence to Pharmochotherapy among young adults with mental illness".

Ms. Alia Durrani

HERA Team inspected PDC & its Hospital

A Higher Education Regulatory Authority team, visited Peshawar Dental College and Hospital on 20th March 2023. The visiting team consisted of Dr. Brekhna Jamil and Dr Tariq Ahmed, Biomedical Engineers, Auditing and Infrastructure personnel, and representatives of Khyber Medical University. They inspected various segments of the college & also interviewed the students & faculty members of PDC.

HERA Team visited PDC.

The team thoroughly inspected the curriculum, timetables, policies, equipment, etc., as prerequisites for the undergraduate dental program. The team lauded the integrated curriculum of PDC, as it is the first institute in Khyber Pakhtunkhwa that has adopted integrated curricular teaching in a dental college & the Multihead Microscope in the Deptt of Oral Pathology. As a whole, the visit concluded smoothly.

Prof. Dr. Tayyab elected faculty representative to CPSP from KP

Renowned surgeon and Director of Postgraduate Studies in Clinical Science at PMC, Prof. Dr. Tayyab was elected unopposed as faculty representative to College of Physicians and Surgeons Pakistan (CPSP) in surgery from Khyber Pukhtunkhuwa. Prime Times wishes him successful tenure as a faculty representative to the CPSP.

Reception for fresh BDS students by their senior

The senior PDC students welcomed the fresh BDS first-year students with open arms.

PDC hosted a High Achievers Award Ceremony

In keeping with tradition, Peshawar Dental College recognized the top performers in all professional exams in 2023. In this regard, PDC arranged a special ceremony. Prof. Dr. Shamim Akhter, Principal PDC, was the chief guest on this occasion. The top three achievers in each professional examination received book packs as a way to motivate them to keep advancing in both their personal and professional lives. The book-packs comprised of books related to personal and professional development. The senior faculty members of Peshawar Dental College attended the ceremony.

Prof. Dr. Shamim Akhter, PDC's principal awarding book packs to the high achievers.

In the 1st Professional, Washma Javed got 1st, Mahrukh Arif 2nd, and Javaria Habib 3rd prize. Similarly, in the 2nd Professional, Aqsa Kiramat was awarded 1st, Laiba Zakir 2nd and Malaika Syed Bukhari 3rd prize. Likewise, in the 3rd Professional, Mahnoor Fatima achieved 1st, Hina Tahir 2nd and Kanwal Wahab 3rd prize. Moreover, in the 4th Professional, Famia Fozaan obtained 1st, Shagufta Naz 2nd and Ammara Kakakhel 3rd prize.

Corporate Social Responsibility (CSR)

Prime Foundation arranged free medical camps & awareness sessions in flood-affected areas of KP.

In Collaboration with Pakistan Medical Association (PIMA) and Alkhidmat Foundation, Prime Foundation arranged free medical relief camps and awareness sessions in different flood-affected areas of Khyber Pakhtunkhwa during last year's devastating floods. In these camps, 5550 flood-affected patients from various areas of the province were provided medical relief on purely humanitarian grounds.

A lady doctor examines a female patient at a mobile camp.

The first medical camp was set up at Sports Complex, Charsadda, where 500 patients, including 150 males, 200 females, and 150 children were provided medical assistance. Awareness sessions on hand washing and chlorination of water also took place. The second camp was arranged at Tarnab, District Charsadda. Besides holding awareness sessions on hand washing and chlorination of water, 500 patients, 150 male, 210 female, and 140 Children, were extended medical relief during the camp. Moreover, the 3rd Medical Camp took place at Nowshehra. Some 350 patients, including 103 males, 153 females, and 94 children, benefited

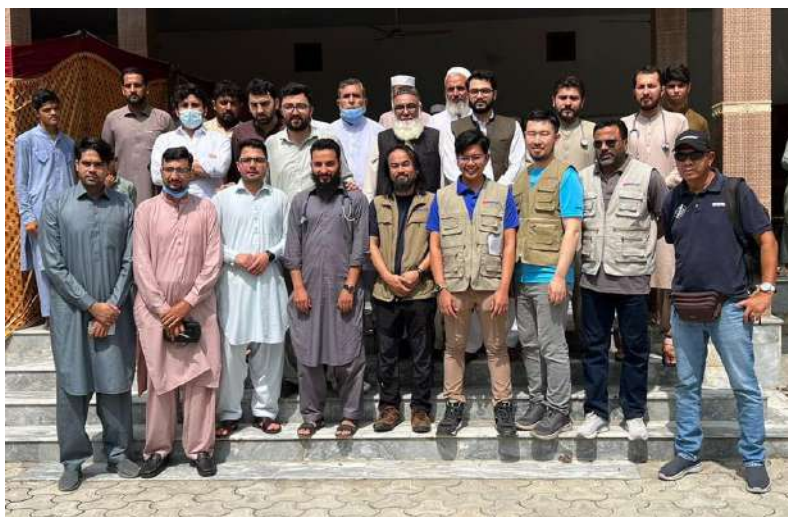

from the camp. Similarly, the 4th Medical Camp was arranged at Muhib Banda, Nowshehra, where 400 patients, including 117 males, 163 females, and 120 children, were facilitated.

The 5th Medical Camp was arranged at Faqeer Kaly, Charsadda. Some 300 patients, including 102 males, 134 females, and 64 children, were treated in the camp. The 6th Medical was set up at Wazeer Qalla, District Peshawar. Apart from awareness sessions on water purification and hand washing, 200 Patients, including 50 males, 65 females, and 85 children, were provided medical relief. The 7th Medical Camp was arranged at Tarnab,

Four-day training program on Psychological First Aid concluded

Participants of the workshop posing for a group photo.

Prime Foundation, in collaboration with UNFPA, is implementing a reproductive health (RH) project in Khyber Pakhtunkhwa, which is being implemented in various facilities in the region. As part of the project, a four-day training program on "Psychological First Aid" was conducted from 14-17 March 2023 in Peshawar.

The objective of the training was to equip the staff from Prime Foundation and Sarhad Rural Support Program with the skills and knowledge to provide psychological first aid to people affected by emergencies or disasters. The training aimed to help participants identify and address the psychological needs of individuals in distress and provide emotional support to promote coping and resilience. The training was crucial in ensuring that the project beneficiaries received comprehensive care that

addressed their physical and mental health needs. The staff were trained to identify individuals who required specialized mental health services and refer them to appropriate care.

Overall, the four-day training program on "Psychological First Aid" was an essential component of the RH project implemented by Prime Foundation and UNFPA in Khyber Pakhtunkhwa. It would help the staff to respond effectively to the mental health needs of the project beneficiaries, and ensure that they received appropriate care and support.

Teaching Institutions of the Prime Foundation extended relief of 200 million PKR to students

Prime Foundation has a venerable tradition of awarding educational subsidies to up to 24% of its total students (PMC, PDC, and RNC) in each academic session.

Peshawar Medical College (PMC)

During 2021, 14% of PMC students benefited from discounts and scholarships worth PKR 26.48 million. For the last five years, the Prime Foundation has awarded PKR 171 million in educational subsidies to its PMC students. It is worth citing that some of the students especially orphans, are not only given full tuition waivers but the college provides them with free boarding facilities as well. The deserving students of PMC have been given a discount of PKR 447,280,073 up till now.

Peshawar Dental College (PDC)

PDC offers affordable, quality dental care to the people of the province. During the last year, 9% of PDC students benefited from discounts and scholarships worth PKR 6.08 million. The Prime Foundation has offered around PKR 25.87 million in terms of educational relief and support to deserving PDC students for the last five years. The deserving students of PDC have been awarded a discount of PKR 87,700,295 to date.

Rufaidah Nursing College (RNC)

Like other educational institutes under Prime Foundation, RNC also offers fee concessions and scholarships to deserving students. It is important to mention that for the initial few years, all of the educational expenses of the enrolled students were fully funded by the Prime Foundation. At the moment, BSc Nursing program students are provided with free accommodation, including no utility charges. The students have been extended an academic relief of PKR 14,090,000/- up till now. PF is also investing in the faculty development of RNC by funding their master and doctoral level courses in the country and abroad.

Mercy Teaching Hospital facilitated more than 1 lac OPD patients free of cost in 2022

Mercy Teaching Hospital is ISO-9001:2008 certified charity hospital, comprises of two hundred and forty three beds along major and minor specialties, with round-the-clock emergency services, delivery care, lab, and pharmacy services. It also acts as a teaching hospital for medical students of PMC. The hospital is registered with Healthcare Commission KP and recognized by the Pakistan Medical & Dental Council, and the College of Physicians and Surgeons of Pakistan (CPSP) as a teaching hospital.

The charity hospital provides free OPD and free ward admission facilities to the patients. During 2022 the hospital extended OPD services to 115420 patients including 34615 males, 63311 females, and 17494 children. In the same period, 14709 indoor patients were also facilitated. The hospital also provided 177698 different diagnostic tests at concessional rates to the patients in the mentioned period. The hospital, in the first quarters of this year, extended free OPD services to 30,680 outdoor and 3,907 indoor patients. The hospital also facilitated 43,859 laboratory tests at concessional rates during first three months of this years.

Cleft Lip, Palate Treatment and Training Facility at PDC

The Cleft Lip, Palate (CLP), & Research Section was established in August 2016 at the Department of Orthodontics, Peshawar Dental College. The department has received over 400 patients from various Khyber Pakhtunkhwa and Punjab areas. The department has even catered to the patients of CLP from Afghanistan as well. All the patients are treated free of charge with the Naso-Alveolar Moulding Appliance. Moreover, 11 trainees have completed training in the NAM program, while 11 more are under training. Similarly, two research articles were published in HEC-recognized journals, and more are in the pipeline.

Social Welfare Society (SWS), PMC, PDC arranged Blood Camp

Social Welfare Society (SWS), Peshawar Medical College (PMC) and Peshawar Dental College in collaboration with Hamza Foundation organized a blood donation camp at PMC. Students of these institutions donated 115 pints of blood to facilitate helpless patients suffering from various diseases. The SWS also collected Rs. 68,000 rupees for the deserving patients.

Volunteers donating blood.

The Ramadan Drive 2023

The Ramadan Drive 2023 was organized by the Social Welfare Society (SWS), PMC in collaboration with Haya alal Falah Organization (led by former and current PMCs). The drive began prior to Ramadan and was carried out in three phases. Volunteers of the body enthusiastically contributed in various activities ranging from fundraising to product purchasing, packing and its delivery to the needy segments of the society. Board, Achini, Shaheen Town, Warsak Road, Tajabad, and Dabgari Garden were among these localities where different items were distributed among needy people. In 1st Phase of the Ramadan drive 165 families were covered while 209 families were extended assistance in the 2nd Phase. Moreover, 104 items were given away to the most deserving employees of PMC, PDC, and its affiliated hospitals. The SWS collected an amount of Rs. 2800706/ as Sadqa and Zakat. The third phase of the Ramadan Drive will be completed during the last Ashra of Ramadan.

The volunteers of SWS packing edible items for distribution among needy people.

Iftar & Sehri at Teaching Hospitals

Prime Teaching Hospital, Kuwait Teaching Hospital and Mercy Teaching Hospital Peshawar regularly host free Iftar and Sahri throughout the holy month of Ramadan. Iftar and Sahri are organized for the patients, their attendants, and staff. Together, philanthropists and hospital management support this admirable endeavor. The arrangements of Iftar and Sehri have been regular features of these hospitals for many years without interruption

Iftar Party at Mercy Educational Complex

An Iftar dinner was arranged at Mercy Education Complex, Nasirpur Peshawar. Students and faculty members of the institution participated in the Iftar dinner. Advisor to the Prime Foundation on Education and Health, Prof. Dr. Najibul Haq, Dean PMC, Prof. Dr. Hafeez-ur-Rahman, and the Director of Mercy Education Complex, Dr. Faqir Mohammad Anwar, were also present.
