Empowering Minds

Peshawar Medical College Hosts Successful Third Contact Session of 7th CHPE

June 12, 2024 - The Department of Health Professions Education & Research at Peshawar Medical College, in collaboration with Riphah International University, successfully organized its Third Contact Session of the 7th CHPE (Certificate in Health Professions Education) on the theme of "Assessment, Evaluation, and Professionalism." Held from the 7th to 12th of June, 2024, the event aimed to provide faculty and medical professionals with in-depth insights into modern assessment practices and the significance of professionalism in medical education.

Key contributors to the session included distinguished academics and professionals from various fields. Prof. Saeed Anwar, Prof. Dr. Mohammad Aman Khan, Prof. Ayesha Abdullah, Prof. Junaid Sarfaraz, Prof. Arif Raza, Prof. Muzafar Uddin Sadiq, and Prof. Muhammad Idrees provided their expertise in shaping the program's focus on

innovative evaluation techniques and the promotion of professional conduct among healthcare practitioners.

The session was further enriched by insights from Dr. Hafsa Habib, Dr. Rabia Ashfaq, Dr. Neelofar Shaheen, Dr. Usman Mehboob, Dr. Abdul Wahab, Dr. Bushra Mehboob, Prof. Robina Riaz, Dr. Munazza Baseer, Dr. Shaikh Muhammad Ibqar Azeem, Dr. Mushayyidah Durrani, Dr. Fatima Qayyum, and Dr. Uzma Siddique, whose contributions made the discussions more comprehensive and inclusive.

This session provided a vital opportunity for educators and professionals to collaborate on enhancing capacity building and quality of medical education. The focus on assessment and professionalism underscored the importance of continuous development in these areas for better healthcare outcomes.

Workshop on Biomedical Waste Management at PMC

May 9, 2024- The Principal of PMC and Chair of the Inspection Prevention and Control (IPC) Committee spearheaded an enlightening workshop titled 'Biomedical Waste Segregation and Waste Disposal' at PMC. This interactive workshop aimed to educate and engage PMC staff and faculty members on crucial waste management practices.

Distinguished attendees included Principal PMC, Prof. Dr. Mohammad Aman Khan, Vice Principal PMC, Fozia Rauf, Manager Administration (PMC & PDC), Incharge Labs (PTH), Lab managers PMC, Administration staff, Basic Sciences Lab technicians, PMC Diagnostic Labs staff, Medical Officers, Infection Prevention Committee Members, participants from Rufaidah Nursing College, PRIME Institute of Allied Health Sciences Staff, and Janitorial staff.

The workshop was led by Mr. Mukarram Shah, an Environmental Expert from ARAR Services. This session marked the third installment in a series of comprehensive lectures aimed at enhancing waste management proficiency among healthcare professionals.

A notable feature of the workshop was the assessment of attendees through pretest and posttest evaluations, ensuring a tangible measure of knowledge acquisition and retention. The session encompassed a wide array of topics like Waste Segregation, Waste Collection, On-site Transportation of Waste, Storage of Waste at Facility, Off-site Transportation of Waste, Waste Disposal, Infectious Spill Management and Hand Hygiene.

Participants unanimously expressed their gratitude for the workshop, recognizing its pivotal role in enhancing their understanding of biomedical waste management protocols. The event acted as a driving force in promoting a culture of environmental awareness and responsibility within the PMC community, encouraging a more informed and proactive approach to handling biomedical waste and contributing to a safer environment.

Surgical Camp on Vesico Fistula and 4th Degree Perineal Tear repair organized at MTH, Peshawar

May ,11,2024 - Surgical Camp on Vesico Fistula and 4th Degree Perineal Tear repair organized and conducted at Mercy Teaching Hospital Peshawar Medical College, facilitated by a team of experienced medical professionals, including Associate Professor Dr. Samdana Wahab, Professor Dr. Mir Alum Jan,

Professor Dr. Tanveer Shafqat, Professor Dr. Tehniyat, and Assistant Professor Dr. Nazish Hayat. Additionally, doctors from various hospitals participated in the camp, contributing to the collective expertise and resources dedicated to addressing these challenging medical conditions. Through the collaborative efforts of medical professionals and the support of PNFWH, numerous individuals were able to regain their health and improve their quality of life.

By providing specialized care and surgical interventions, the camp has made a meaningful difference in the lives of patients affected by vesico fistula and 4th-degree perineal tear, underscoring the importance of such initiatives in promoting health and well-being within the community

Achievements of Our Youth at the Sixth National Annual Research Conference 2024

May 25-26, 2024 - We are delighted to announce the outstanding achievements of our students at the Sixth National Annual Research Conference 2024, organized by RMI (Rahman Medical Institute), Peshawar. This prestigious event gathered scholars, researchers, and academics from diverse fields, offering a dynamic platform for the presentation and discussion of cutting-edge research and innovative ideas. Our students demonstrated exceptional talent and dedication, with Ahmed Ali and his team from 3rd Year MBBS securing the 1st position in the highly competitive Research Pitch Presentation. Additionally, Malak Aman and her team from 4th Year earned a commendable 2nd position in the Verbal Presentation category, showcasing their strong communication and research skills. Not to be outdone, Uzair, Saad, and their team from 3rd Year also made us proud by clinching the 3rd position in the Verbal Presentation. These remarkable accomplishments highlight the rigorous academic environment and the emphasis on research excellence at our institution. We extend our deepest congratulations to all the participants and their dedicated mentors for their outstanding performance, which not only brings honor to our institution but also sets a high standard for future endeavors.

Peshawar Medical College Student Shines at Wah Medical College Research Conference

June 8, 2024 - Peshawar Medical College is proud to announce that Hamza Farooq, a 4th-year MBBS student, has secured first position in the verbal competition category at the Wah Medical College Research Conference titled "Advances in Medical," held on June 8, 2024. This conference aimed to provide opportunities for polishing creative ideas, nurturing research skills, and developing peer research collaborations.

Hamza Farooq's study, titled "Drugs Rehabilitation Program Evolution and Factors Contributing to Relapse in Peshawar: An Exploratory In-Depth Qualitative Perspective of Rehabilitation Patients," was supervised by Dr. Mifrah Rauf Sethi and co-investigated by Abdal Ahmed, a fellow 4th-year MBBS student.

The remarkable success of Hamza Farooq and his dedicated team serves as a powerful testament to the exceptional quality of education, mentorship, and support provided at Peshawar Medical College.

Farooq's outstanding achievement exemplifies the immense potential and talent fostered at the institution, underscoring the critical role that research, innovation, and academic excellence play in shaping the future of medical education and inspiring the next generation of healthcare professionals.

PMC Students Excel in Research and Leadership Module

Aug, 21, 2024-Peshawar Medical College (PMC) is proud to announce that Sarmad Ali and Khadija Zia, both 3rd-year MBBS students, secured the 3rd position in the prestigious 'Research and Leadership Module' organized by the Institute of Kidney Diseases (IKD) and Khyber Girls Medical College (K GMC). This achievement stands out as the competition included a challenging cohort of 220 participants, comprising both undergraduate and postgraduate residents from various institutions.

The module, held in collaboration with the Health Research and Advisory Board, aimed to enhance the research skills and leadership qualities of young medical professionals. Sarmad Ali and Khadija Zia demonstrated exceptional competence, standing out for their innovative approach and dedication throughout the course.

Celebration of World Oral Health Day at Peshawar Dental College

June 1, 2024 - Peshawar Dental College (PDC) proudly celebrated World Oral Health Day, embracing the theme "A Happy Mouth is a Happy Body." The event was graced by the presence of distinguished guests such as Dr. Abdus Samad, Director Operations, Prof. Dr. Shamim Akhtar, Principal PDC, Prof. Dr.

Muhammad Aman Khan, Principal PMC, Prof. Dr. Saeed Anwar, Executive Director, Dr. Ayesha Abdullah, Vice Dean DHPE&R and Prof. Fozia Rauf Vice Principal (Female) and all faculty members, staff, and both postgraduate and undergraduate students of PDC actively participated in the day's activities. Highlights of the Event: Inauguration: The day's proceedings began with an official inauguration ceremony, presided over by our esteemed guests.

Awareness Walk: To raise awareness about oral health, a symbolic walk was held within the college premises.

Table Clinics: Students demonstrated their knowledge and creativity through table clinics, promoting healthy oral hygiene practices.

Poster Competition: Students showed their artistic talents in a poster competition, emphasizing the importance of good oral hygiene.

Quiz Competition: A lively quiz competition was held with enthusiastic participation from all classes, reinforcing the day's theme that a healthy mouth leads to a healthy body.

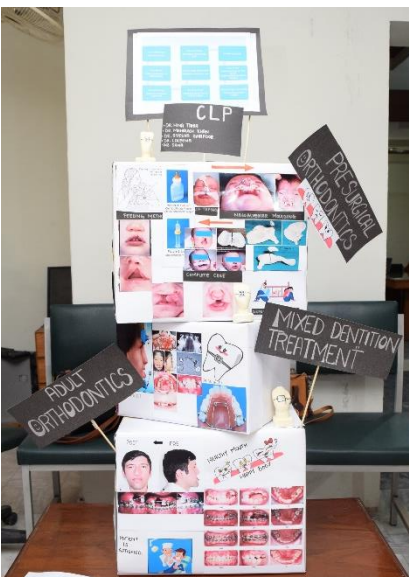

Videography and Photography Competitions: Students also engaged in Videography and photography competitions, capturing the essence of oral health and hygiene.

Food Stalls: Informative food stalls were set up to guide participants on healthy food choices that contribute to good oral health.

Awards and Certifications: Outstanding contributions and achievements in various

competitions were recognized with awards and certificates by the Principal, Peshawar Dental College.

This event at PDC successfully promoted oral health awareness within the college community and also in the wider community.

Honoring the Legacy: Farewell to the Esteemed Retired Professors of Peshawar Medical College

June 10, 2024 - Peshawar Medical College (PMC) held a heartfelt farewell event to honor the retiring professors who have significantly contributed to the institution's success and growth on Monday, June 10, 2024. The event was attended by esteemed members of the college, including Prof. Dr. Najibul Haq, Patron of Prime Foundation, Prof. Dr. Hafeez ur Rahman, Dean of PMC, Prof. Dr. Saeed Anwar, Executive Director, Prof. Dr. Mohammad Aman Khan, Principal of PMC, and Faculty Members.

We bid farewell to the following distinguished professors:

Prof. Dr. Riaz Nasim – Pharmacology

Prof. Dr. Sajjad Ahmad – Pathology

Prof. Dr. Muhammad Arif – Ophthalmology

Prof. Dr. Sardar Mohammad – Microbiology

Prof. Dr. Mian Ihsanullah – Pathology

Prof. Dr. Abdul Rehman – Surgery

Prof. Dr. Najibul Haq presented shields to the outgoing professors, acknowledging their invaluable contributions to PMC. In his speech, he highlighted the dedication and impact of the retiring professors on the college and its students. The retiring professors shared their memories and experiences, reflecting on their time at PMC.

We extend our deepest gratitude to these esteemed educators for their years of service and commitment to excellence in medical education. Their legacy will continue

to inspire future generations of medical professionals

Workshop on Effective Strategies for Conducting and Writing Impactful Literature Reviews organized

June 28, 2024 -Under the auspices of the Office of Research, Innovation, and Commercialization (ORIC) of the Prime Foundation, Peshawar Medical College held a workshop on "Effective Strategies for Conducting and Writing Impactful Literature Reviews" on Friday, June 28, 2024. The event was led by Prof. Dr. Mohammad Irfan, the esteemed Director of Research and Institutional Review Board (IRB) at Prime Foundation.

Researchers from various institutions attended the workshop, benefiting from Prof. Dr. Irfan's expertise. The workshop focused on key strategies for conducting thorough literature reviews and producing high-quality research outputs. Attendees learned about systematically searching and selecting relevant literature, critically appraising sources, synthesizing findings into coherent narratives, and writing and presenting.

Prof. Dr. Robina Riaz Successfully Defends PhD Thesis at Khyber Medical University

Prof. Dr. Robina Riaz has successfully defended her PhD thesis at Khyber Medical University. This significant academic achievement marks a milestone in Dr. Robina Riaz's distinguished career and underscores her dedication to advancing medical knowledge and research.

Prof. Dr. Robina's thesis, titled "Hormonal and metabolic alterations in response to stress in a chronic stress rat model and their offspring". Her research has been commended for its thoroughness, originality, and contribution to the field of [relevant field of study]. The successful defense of her thesis reflects her expertise and commitment to scholarly excellence.

Peshawar Medical College congratulates Prof. Dr. Robina Riaz on this significant achievement and looks forward to her continued contributions to the field of medical education and research.

Engaging Insights on the Use of Large Language Models (LLMs) in Healthcare

July 13, 2024 - Dr. Usman Raza, a faculty alumnus of PIPH and CHS PMC and currently with Nucleus in California (USA), delivered an enlightening talk to the PMC faculty about LLMs, including ChatGPT, on July 13, 2024. He highlighted their ethical and effective application in healthcare education and research while addressing the evolving landscape that increasingly relies on LLMs and its implications for human intelligence and employment.

Throughout the session, Dr. Raza expertly addressed a wide range of audience questions, creating an engaging and interactive environment. This approach encouraged active participation, allowing for a richer, more in-depth discussion that greatly enhanced the overall learning experience for all attendees.

Mock Emergency Drill Conducted at Mercy Teaching Hospital, Peshawar

Aug. 17, 2024 - A mock emergency drill was successfully conducted at Mercy Teaching Hospital, Peshawar, on Saturday, August 17, 2024, to evaluate the readiness of the hospital staff in handling fire and non-fire emergencies. The drill aimed to assess the response protocols and preparedness of the medical, technical, and non-technical teams.

The drill began at 1:30 PM when an alarm was sounded, simulating the onset of an emergency. Under the leadership of Dr. Ghayas Rajab, Medical Superintendent of Mercy Teaching Hospital, faculty members, along with technical and non-technical staff, actively participated in the exercise. The staff efficiently responded to the alarm, assembling promptly at the designated emergency point in a disciplined manner, avoiding panic.

The hospital's fire team demonstrated swift action by using fire extinguishers to contain and extinguish the simulated fire effectively. The drill highlighted the importance of timely response, effective communication systems, and the proper functioning of emergency equipment.

Regular drills and continuous assessment of the emergency response plan are vital to maintaining a high level of preparedness.

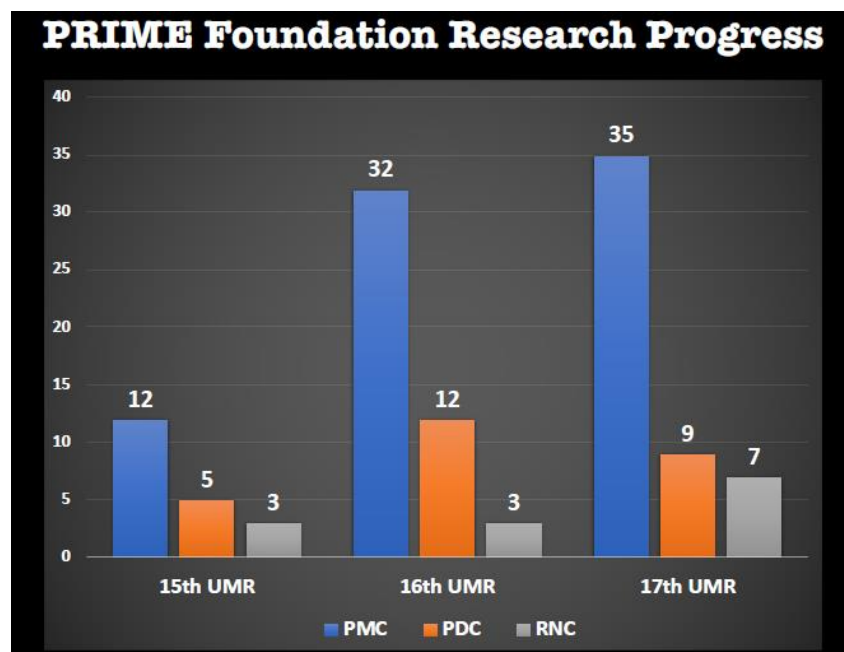

The mock emergency drill at Mercy Teaching

Hospital was deemed a successful exercise, reinforcing the hospital's commitment to ensuring the safety and well-being of its patients, staff, and visitors.

Undergraduate Medical Research (UMR) Program, PMC

The Undergraduate Medical Research (UMR) program at Peshawar Medical College was launched in 2006 with the admission of the first MBBS batch. Students were introduced to fundamental medical research principles through structured lectures and hands-on training. The program's success was highlighted by the First Annual Undergraduate Medical Research Conference in 2007. Since then, the UMR program has organized 17 successful conferences, continuing its legacy of fostering research skills among medical, dental, and nursing students.

The UMR department introduces students to research by teaching them the basics and providing guidance throughout the research process, helping to transform their ideas into successful projects. Third-year MBBS and second-year BDS students undergo a UMR rotation, which focuses on research ethics, skills, and proposal development. Qualified faculty from basic, clinical, and social sciences supervise student research, including approval from the Ethical Review Committee of Peshawar Medical College.

Additionally, the department facilitates student participation in external research conferences, where they have earned awards in national and international verbal presentations, poster exhibitions, and quiz competitions.

The UMR department has successfully organized 17 research conferences, attracting participants from across Pakistan who submit their research abstracts. Participation has increased each year, with students showing greater motivation to engage in research and actively participate in the conferences.

Future Plans of the UMR Department:

The UMR department plans to organize the 18th UMR Conference in 2025, with the aim of expanding it to an international level by inviting global institutes. Preparations will also be made for the UMR rotation for the new cohort of third-year MBBS and second-year BDS students. Furthermore, the department will ensure that UMR researchers receive the necessary support to successfully and timely execute their research projects.

Honoring Milestones: Celebrating Achievements and Transitions at PMC

Aug.29, 2024 - A special ceremony was held at Peshawar Medical College to honor recent promotions, arrivals, and departures. The event, graced by distinguished figures including Dr. Syed Iftikhar Husain, Chief Executive of Prime Foundation; Prof. Dr. Hafiz ur Rahman, Dean of Health Sciences, Prof. Dr. Saeed Anwar, Executive Director, Prof. Dr. Mohammad Aman Khan, Principal of PMC, and Dr. Abdul Latif Khan Gandapur, Director of the Taribiah Department and others.

Among those honored on the occasion

were Prof. Dr. Hashim Khan, who recently joined the Dentistry Department; Prof. Dr. Robina Riaz, a newly minted PhD scholar; Prof. Dr. Mohsina Haq, recently promoted to Professor and appointed as Head of the Microbiology Department; and Dr. Zahir Qazi, the outgoing Medical Superintendent of Prime Hospital.

Gifts were presented to all attendees as tokens of appreciation for their significant contributions and achievements.

Inspiring Independence Day Events at Peshawar Medical College: Nurturing Unity of Thought

Aug. 30, 2024 — The Society for Literature & Arts at Peshawar Medical College (PMC) and Peshawar Dental College (PDC) hosted a stirring Speech and Milli Nagma Competition on August 28th and 29th, 2024. The event, held at the PMC auditorium, was an integral part of the ongoing Independence celebrations themed 'Palestine and the Unity of Thought'.

The competition featured separate sessions for female and male participants, where students from various institutions showcased their talents through powerful oratory and soul-stirring milli songs. The speeches and songs poignantly highlighted the struggles of the Palestinian people and underscored the importance of unity in thought, leaving a profound impact on the audience.

This event was a testament to the dedication of the students and faculty in fostering cultural and intellectual engagement while honoring the spirit of independence and global solidarity.

The Independence celebrations, running from August 29 to September 16, 2024, promise a diverse lineup of activities, including an Essay Writing Competition, Poetry and Painting contests, a Videography challenge, a Guest Talk, a Quiz Competition, and an Art Exhibition. The festivities will culminate in a grand prize distribution ceremony on September 16, 2024, where winners from each event will be honored for their outstanding contributions.

Peshawar Medical College and City Traffic Police Hold Joint Awareness Session on Road Safety

May 21, 2024 – Peshawar Medical College (PMC) and the City Traffic Police of Peshawar collaboratively organized an impactful awareness session on road safety at PMC today. The event aimed to educate and sensitize students and faculty about safe driving practices and the importance of traffic rules.

The session was attended by the Principal of PMC, Professor Dr. Mohammad Aman Khan, esteemed faculty members and students from various departments. The presence of representatives from the Traffic Police was instrumental in delivering practical insights and guidance on road safety.

Representatives from the City Traffic Police provided an engaging presentation on safe driving practices, focusing on the common causes of road accidents and the preventive measures that drivers can take to ensure their safety and that of others. The presentation included interactive discussions and practical tips for adhering to traffic laws.

The joint effort by PMC and the City Traffic Police in organizing this awareness session reflects a strong commitment to community welfare and the promotion of safe driving habits. Both institutions look forward to continuing their partnership in future endeavors to enhance public safety and health.

Hands-On Training Workshop for Comprehensive Database Management Organized at PMC

May 24, 2024 - The Public Health Interventions Unit of the Prime Foundation hosted a workshop on May 24, 2024, focused on collaboratively finalizing and delivering hands-on training for a new, comprehensive database intended to manage data for general and family health services. This database is crucial for the efficient operation of services provided at the Community Health & Development Center of PMC-PF, situated on Warsak Road in Garhi Sherdad, just a 20-minute drive from PMC on the outskirts of Peshawar. The workshop saw the participation of higher authorities from Prime Foundation.

Launch of EHR-related Care Innovation Grant for Prime Foundation's Community Care and Development Outlet

July 4, 2024 - The EHR-related Care Innovation Grant launch for the Prime Foundation's Community Care and Development outlet in Garhi Sherdad, Peshawar, was presided over by the Patron of the Prime Foundation, Prof. Dr. Najibul Haq, at PMC. The event was also attended by the Dean of Health Sciences, Prof. Dr. Hafeez ur Rahman and the Principal of Peshawar Medical College, Prof. Dr. Mohammad Aman Khan. The Executive Director of the Prime Foundation, Prof. Dr. Saeed Anwar, presented an overview of the initiative in partnership with Hikmah Health, with aspirations of integrating data from the Family Medicine and Early Childhood Development program in the future. The Program Officer of Public Health Interventions of the P F, Ahmed Ali Nauman, gave a concise presentation on the project, followed by a software demonstration.

The Patron of the Prime Foundation, Prof. Dr. Najibul Haq, highlighted the need for the system to provide insights into temporal trends for informed decision-making and contribute towards establishing a robust community data lab for primary care-based healthcare research grounded in local and indigenous evidence.

Briefing on Health Information Management (HIMS) of Prime Foundation Held at PMC

July 22, 2024 - Mr. Waqas Hassan, a Fulbright scholar and an alumnus of Prime Foundation (PF), currently working with Tempo in their Canada chapter, was briefed on the data management software used for health camps, the Hikma ERC project, and other information systems initiatives of PF at Peshawar Medical College (PMC). He praised the substantial progress made in these areas by the Prime Foundation in recent years.

Mr. Hassan offered valuable insights for further improvements, particularly emphasizing the need for reinforced data backups and comprehensive archiving of both digital and physical data.

Evaluating and Upgrading the Health Management Information Systems of PF Entities

June 27, 2024 - Dr. Hassan Khan, a former international consultant of the WHO and a renowned expert on Health Information Systems who pioneered the HMIS initiative in KP, is serving as honorary HMIS advisor to Prime Foundation.

He is evaluating the Hospitals and Health Management Information System of PF entities to upgrade and synchronize them to the next level. Consultations with hospital managers and clinical faculty will follow to optimize the system for effectively managing the growing educational, service, and research needs of the organization and its component entities.

Inauguration of the New Cabinet of the Social Welfare Society at Peshawar Dental College

May 14 2024 - We are thrilled to announce the inauguration of the new cabinet of the Social Welfare Society (SWS) at Peshawar Dental College (PDC). The event held on May 14 2024 was attended by faculty members, students, and volunteers of the society.

Prof. Dr. Shamim, the esteemed Principal of PDC, graced the occasion and officially inaugurated the new SWS. In her inspiring speech, she highlighted the importance of social welfare activities and encouraged students to actively participate in initiatives that benefit the community.

The event included a special ceremony where shields and certificates were distributed to dedicated volunteers in recognition of their valuable contributions. Additionally, the newly elected cabinet members took their oath, committing to lead the society with integrity and dedication. Badges were proudly pinned on the

new members, marking the beginning of their journey with the SWS.

This initiative marks a significant step towards fostering a spirit of community service and social responsibility among the students of PDC.

Insightful session on Periodontal and Peri-Implant Disease held at PMC

May 9 2024 - Dr. Irfan Salim, renowned in the field of dentistry, captivated an audience of esteemed professionals, including Prof. Dr. Shamim Akhtar, Principal of PDC, faculty members, and eager students, in an illuminating session on the classification of periodontal and peri-implant diseases.

With Dr. Irfan Salim at the helm, the session delved into the intricate classification of periodontal and peri-implant diseases, shedding light on their nuances and implications at PMC on May 9 2024 . Through a blend of expertise and interactive engagement, Dr. Salim elucidated upon the intricacies of these diseases, offering

valuable insights into their diagnosis, progression, and management.

The session served as a platform for collaborative learning and knowledge exchange, fostering a dynamic atmosphere conducive to intellectual growth and skill enhancement. Participants left the session empowered with newfound knowledge and a heightened appreciation for the complexities of periodontal and peri-implant diseases.

As the dental community continues to navigate advancements in oral healthcare, sessions such as these play a pivotal role in equipping professionals with the expertise needed to address the evolving landscape of periodontal and peri-implant diseases.

Social Welfare Society Hosts Lifesaving Blood Donation Camp for Humanity at PMC

August 27, 2024 – The Social Welfare Society of Peshawar Medical College (PMC) and Peshawar Dental College (PDC), in collaboration with Hamza Foundation, organized a blood donation camp at PMC. The event, held on Tuesday, saw a remarkable turnout of both male and female volunteers who came forward to donate blood for a noble cause.

College (PDC), in collaboration with Hamza Foundation, organized a blood donation camp at PMC. The event, held on Tuesday, saw a remarkable turnout of both male and female volunteers who came forward to donate blood for a noble cause.

The inaugural ceremony was graced by the presence of Prof. Dr. Mohammad Aman Khan, Principal of Peshawar Medical College, Prof. Dr. Mohsina Haq, Chairperson of the Social Welfare Society, Prof. Dr. Mian Ihsanullah, Prof. Dr. Ashraf, Prof. Dr. Fauzia Rauf, President SWS, Mr. Owais Qarni and Mr. Ateeq, along with his team from

Hamza Foundation. Their presence highlighted the significance of the event and encouraged participants to actively contribute to this lifesaving initiative. The blood donation camp was a resounding success, with a total of 140 pints of blood collected. Additionally, a donation of PKR 20,400 was made in support of the cause. This initiative not only raised awareness about the importance of blood donation but also fostered a sense of community and social responsibility among the students and staff of PMC and PDC. Shields and certificates were distributed to the volunteers as tokens of appreciation and encouragement for their selfless contribution to the noble cause of saving ailing humanity.

Announcements

Prime Institute of Allied Health Sciences (PIAHS) Announces Admissions

The Prime Institute of Allied Health Sciences (PIAHS), a leading educational institution in Peshawar, Pakistan, is now accepting applications for admission. Dedicated to training future healthcare professionals, PIAHS is located in the suburb of Garhi Sherdad on Main Warsak Road and offers a wide range of programs in Allied Health Sciences, including Health, Pathology, Surgical, Radiology, and Dental technologies. The institute combines a rigorous academic curriculum with hands-on practical training and clinical experience, all aligned with the Medical Faculty curriculum.

PIAHS is deeply committed to achieving academic excellence by cultivating an environment that nurtures critical thinking, research, and innovation. Supported by a highly experienced and dedicated faculty, the institute offers exceptional education and mentorship to its students. Furthermore, PIAHS emphasizes the importance of professional development and community engagement, providing students with numerous opportunities to take part in outreach programs, health campaigns, and community service initiatives, thus enhancing their academic and personal growth.

Admissions Open at Rufaidah Nursing College (RNC), Peshawar

Rufaidah Nursing College (RNC), Peshawar—a project of Prime Foundation, recognized by the Pakistan Nursing Council and affiliated with Khyber Medical University (KMU)—announces admissions for its BSc Nursing (4-year) Program and Post RN BSc (2-year) Program. As one of the leading institutions in the health sector of the province, RNC is dedicated to providing high-quality education and training to future nursing professionals.

We invite aspiring nurses to join us and take the next step in their careers with our comprehensive and accredited programs.

RUFAlDAH NURSING COLLEGE

A project of Peshawar Medical College
 Recognized & approved by Pakistan Nursing Council
 Affiliated with Khyber Medical University

ADMISSION NOTICE

B.Sc Nursing (4 Years) Program

PRE-REQUISITES

- 📄 F.Sc (Pre-Medical) or equivalent qualification from a recognized institution with at least 50% marks
- 📄 Age limit 14 to 35 years

ATTESTED DOCUMENTS REQUIRED FOR ADMISSION

Attested copies of the following documents must be submitted alongwith Admission Form

- Secondary School Certificate with Detailed Marks Certificate
- F.Sc Certificate with Detailed Marks Certificate
- Photocopy of CNIC or Form B
- Photocopy of Father/Guardian CNIC.
- Three passport size coloured photographs
- Photocopy of Domicile
- KMU CAT Result Card

**NOTE: Only shortlisted candidates
will be called for an interview**

Post RN B.Sc Nursing (2 Years) Program

PRE-REQUISITES

- 📄 Matric with Science & Arts (Before 30 June 2016).
- 📄 Diploma in General Nursing registered with Pakistan Nursing Council (candidates with 1st Division will be preferred)
- 📄 Diploma in Midwifery for Female applicants
- 📄 Diploma in any speciality for male applicants.

ATTESTED DOCUMENTS REQUIRED FOR ADMISSION

Attested copies of the following documents must be submitted alongwith Admission Form

- Secondary School Certificate with Detailed Marks Certificate
- Diploma in General Nursing with Detailed Marks Certificate
- Diploma in Midwifery with Detailed Marks Certificate
- Diploma in any speciality (for Male Candidates) with Detailed Marks Certificate
- PNC Registration Card.
- 3 Passport size colour photographs
- National Identity Card
- Father / Guardian National Identity Card. In case father is not alive a copy of National Identity Card of mother. • Photocopy of Domicile
